

We are dedicated to the quality, progressive education of children and are particularly supportive of Montessori education. We believe that children are the next stewards of the earth and need to have quality environmental education materials that will spur their sense of wonder.

Bluestem Environmental Education brings you authentic historic replica Native American Games! Add physical activity to cultural studies with these hand crafted games such as Lacrosse, Spear Hunting Game, Double Ball and Feather Darts. All four games will engage 10 children at a time.

Native American Games: Lacrosse, Spear Hunting Game, Double Ball and Feather Darts

Naturalist in a Box is an experiential, hands on educational material for children ages 4-9. Featuring a high quality animal, its lunch box, what the animal eats represented in objects, pictures and specimens, information about the animal, a coloring page and a lesson plan. We have 18 animals from different continents and biomes. Also see our line of nature books which are good companions to our materials.

INITIAL SOUND BOARDS IN PRINT, CURSIVE & SPANISH

Initial Sound Boards assists young children in experiencing a letter of the alphabet and its sound in a multi sensory way forming a meaningful association of object, sound and symbol. Children use executive function skills by matching the animal to its picture, tracing the sandpaper letter, saying the initial sound and matching the moveable letter. Hand crafted wooden trays designed for small hands are also available.

Buy the entire set of 26 Initial Sounds for \$289, a \$101 discount!
